

9/20/20

Sisters and Brothers,

Now that a couple of days has passed since the storm, I wanted to do a follow-up email on the IAM Disaster Relief. Hopefully, this finds all safe after the storm and by now, you have power. For those who do not, it should not be long before it is on in your area.

If someone in your group has damage and they are applying for disaster relief, please get the complete package from the member and get it to me so I can complete the form where it has "This request is verified by IAM Representative:

I will review for completeness, complete my section and send it to GLR Martin for processing. This way, if there are any incomplete areas, I can call and speak with the member for clarification prior to submittal. I will also be tracking all relief submittals to ensure everyone is taken care of which submits for IAM Disaster Relief which falls within the criteria!

If you can scan and send it too me great, if you can't I will be available to come to you or the member to pick them up. I can make trips to NAS Whiting and NAS Pensacola a couple of times a week if necessary to pick up any application packages which are ready.

Thanks all, and if you have any questions or concerns, please do not hesitate to contact me! I am available for pick-up whenever you need me to!

This email is being sent to all Chief Stewards within Local Lodge 2902

Sisters and Brothers,

It was a devastating evening and day for a lot of you and hopefully, this finds you and your families well. I have been able to text most of you this morning and I have heard of some damage from some of you.

Please be safe and when you can take pictures of any damage you may have to your home so we can submit to the IAM for assistance.

I am attaching a copy of the IAM Disaster Relief Guidelines and a Disaster Relief Package. Please pass on the Disaster Relief Package to any members who may need it. It will need to be filled out and returned to me.

If anyone needs any assistance over the next couple of days, please let me know and I will do what I can to assist.

I will leave you all with one last note I heard this morning. When your power goes out, remember to eat all of your popsicles!

Kind regards,

Brad Smith
